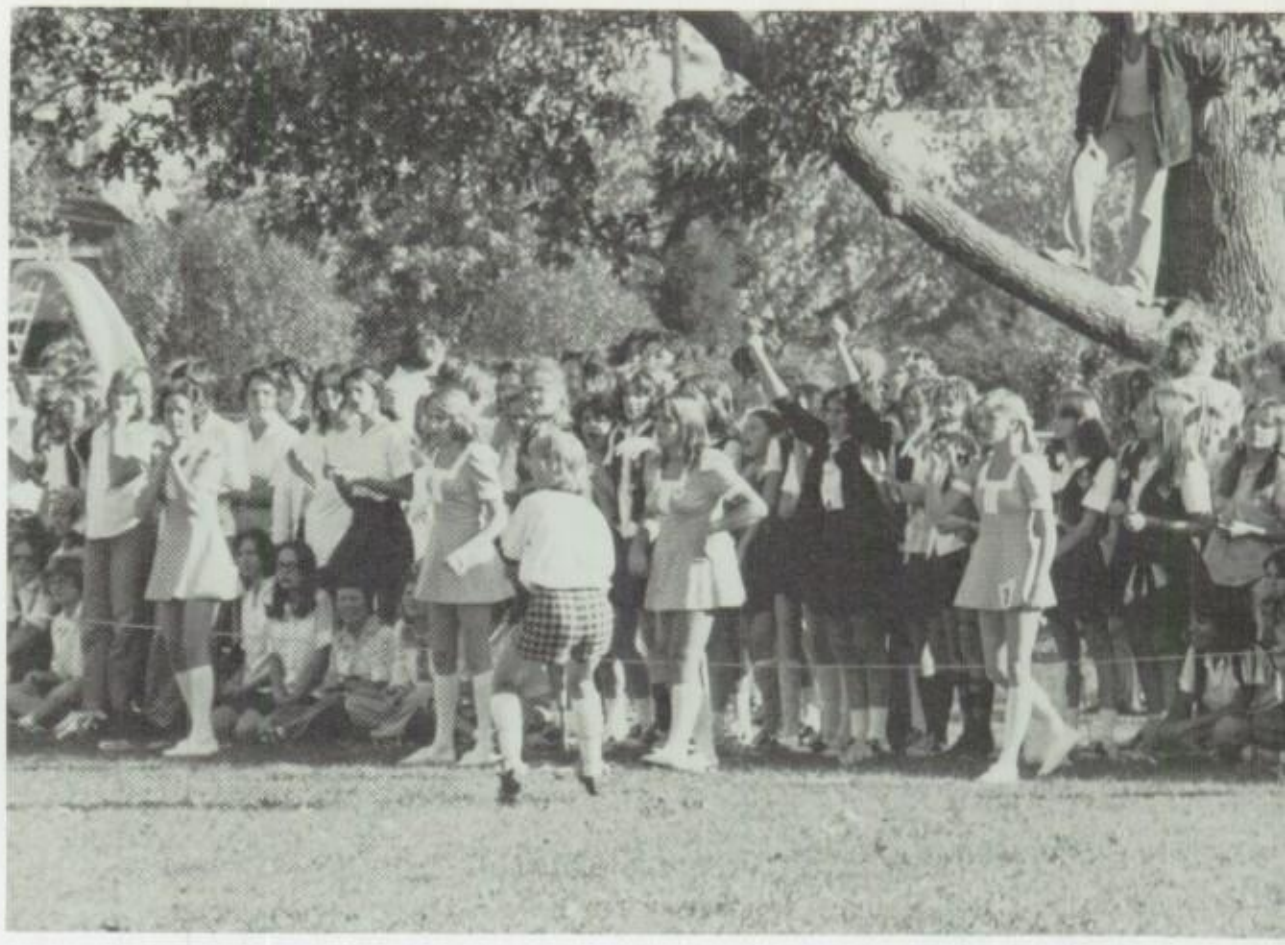
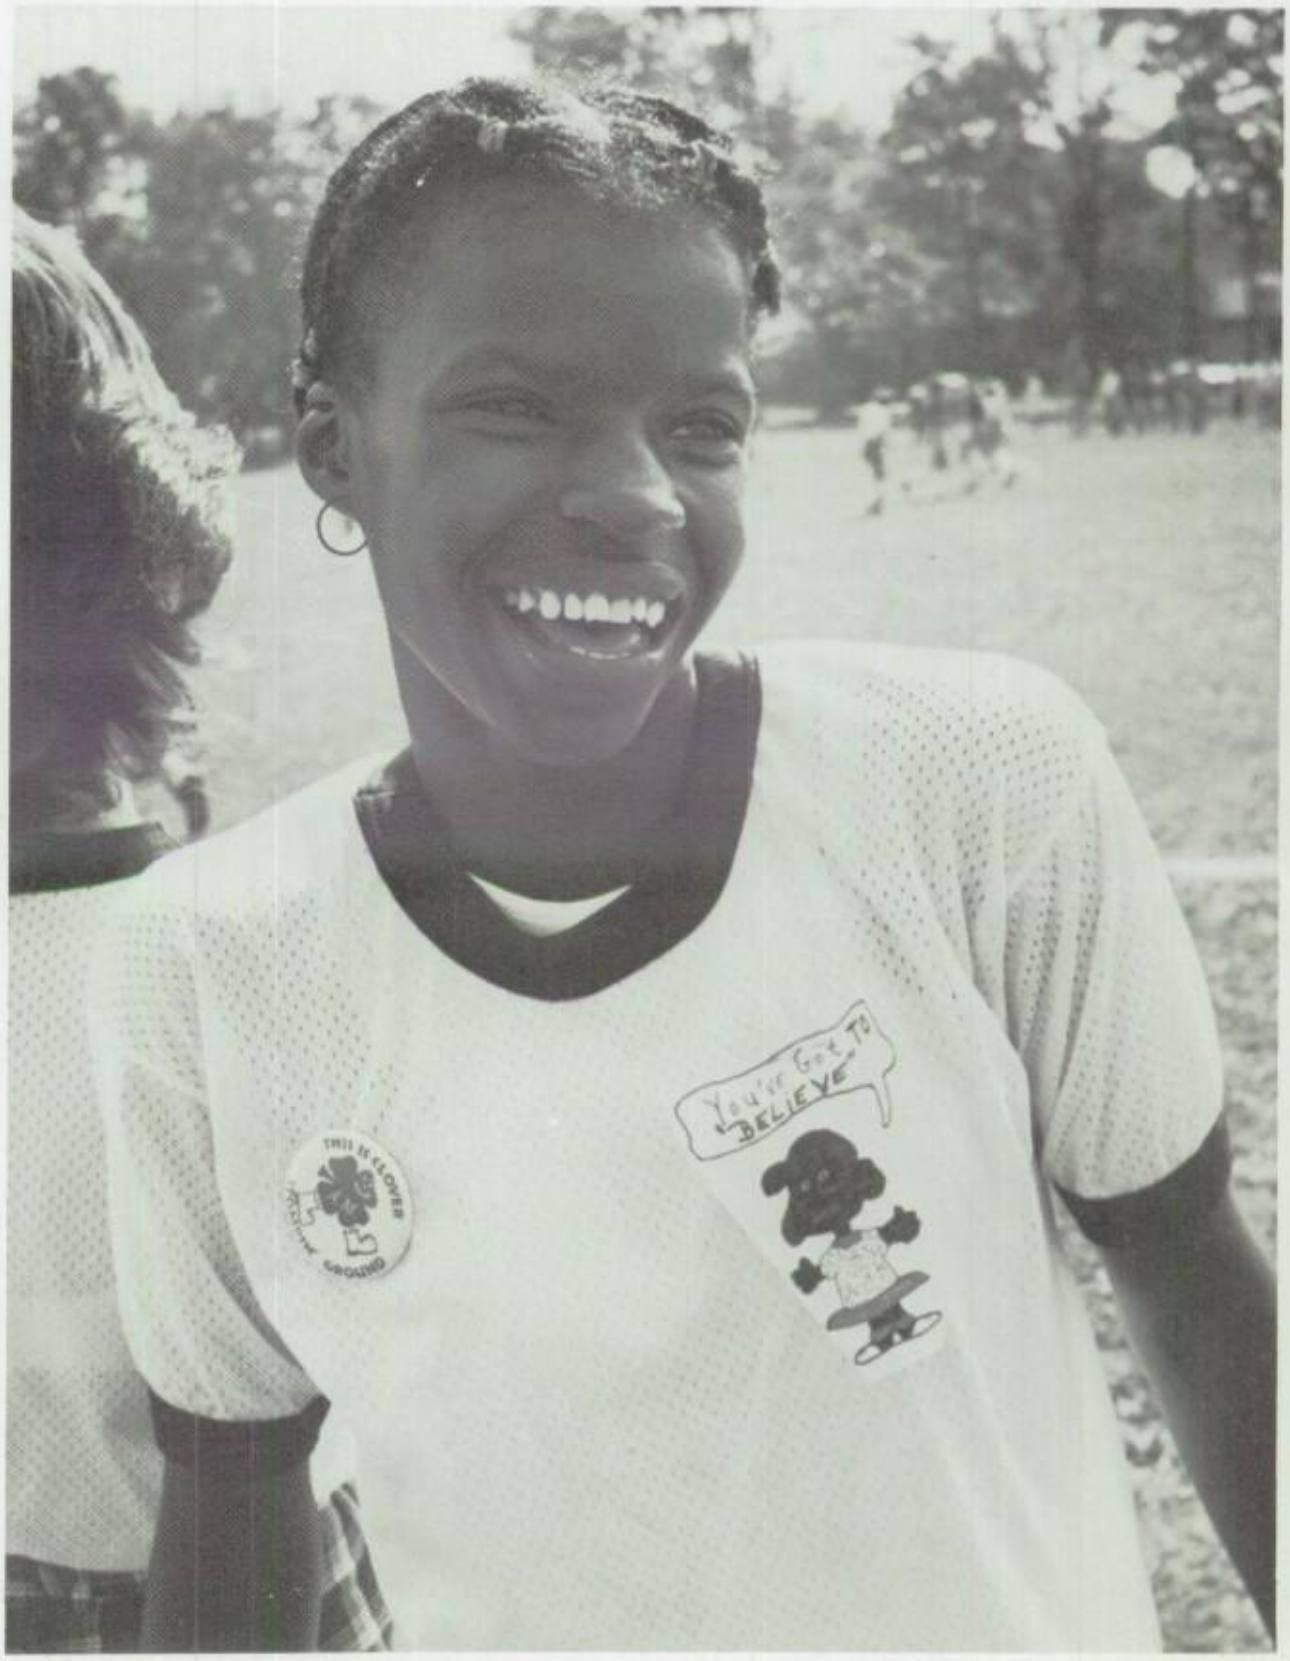
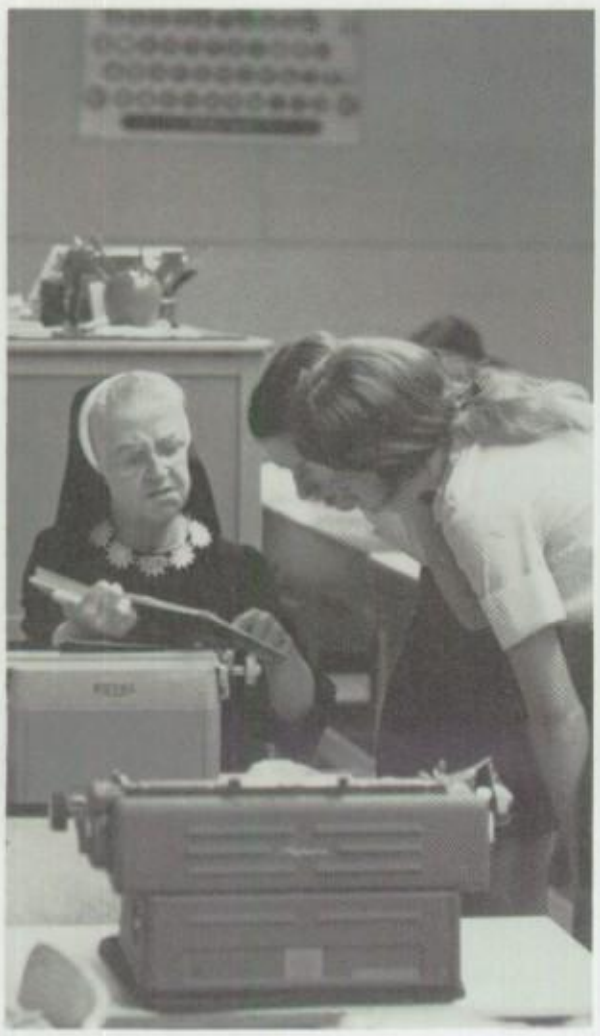
What Is This Spirit?

It is a SPIRIT of LIBERTY and the knowledge that one man's freedom is more important than anything else on earth.





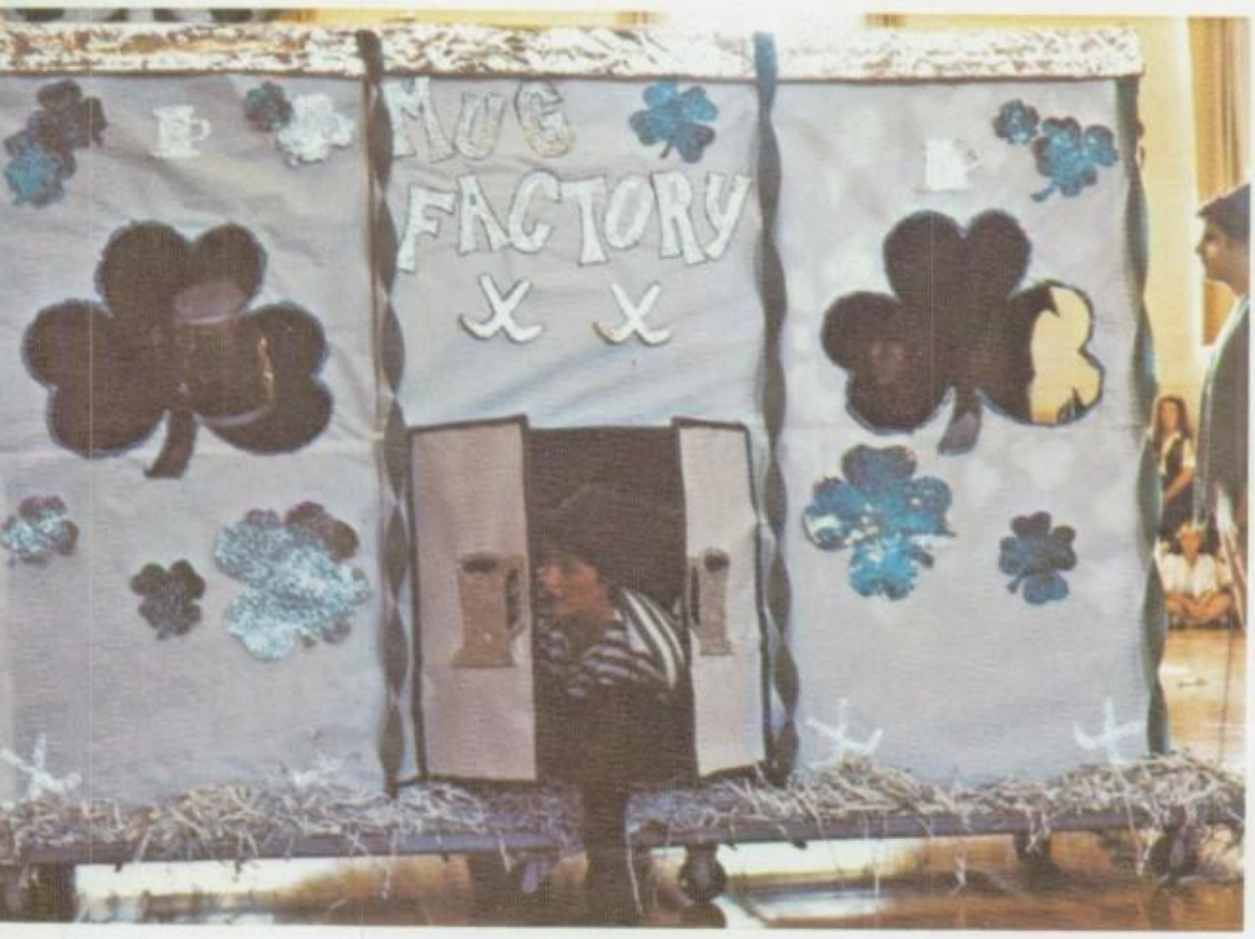
ST. LAWRENCE



It is the SPIRIT of SACRIFICE
— of sharing burdens and conflicts.

SNOOPY

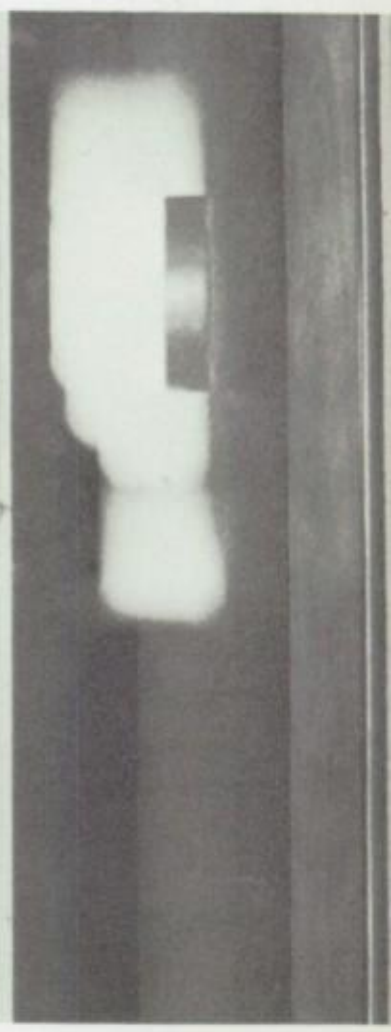
It is the SPIRIT of INDIVIDUALISM acknowledging a birthright of opportunity and freedom drawn from the strength of our fathers.

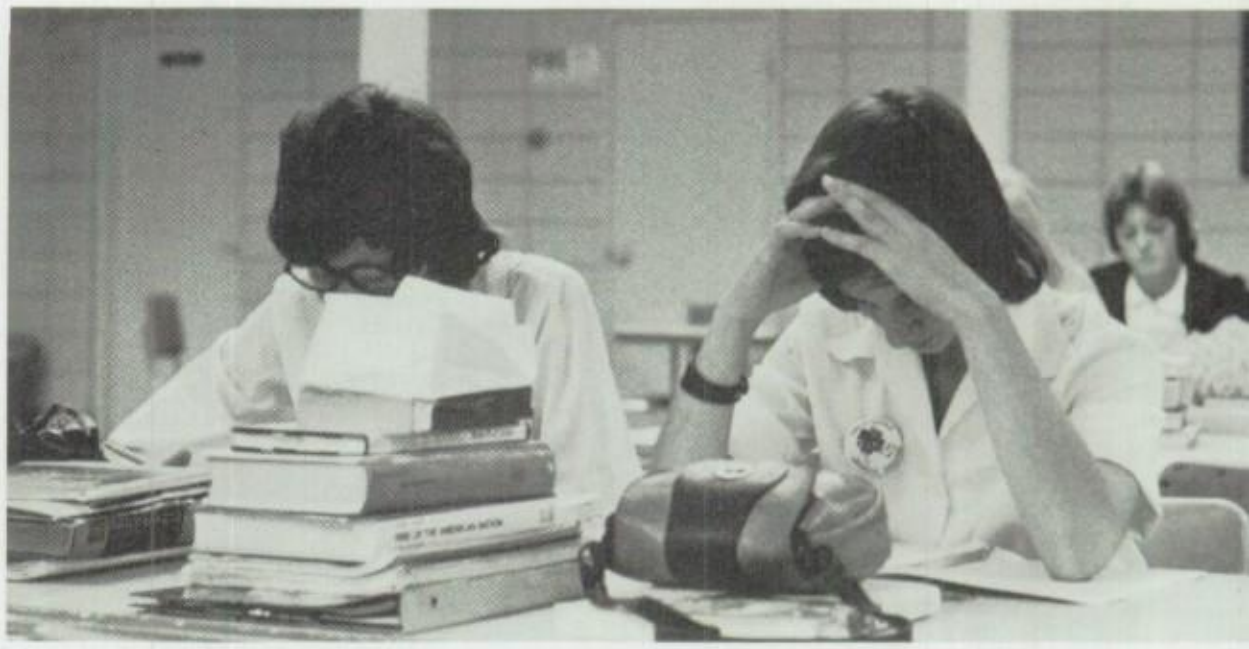


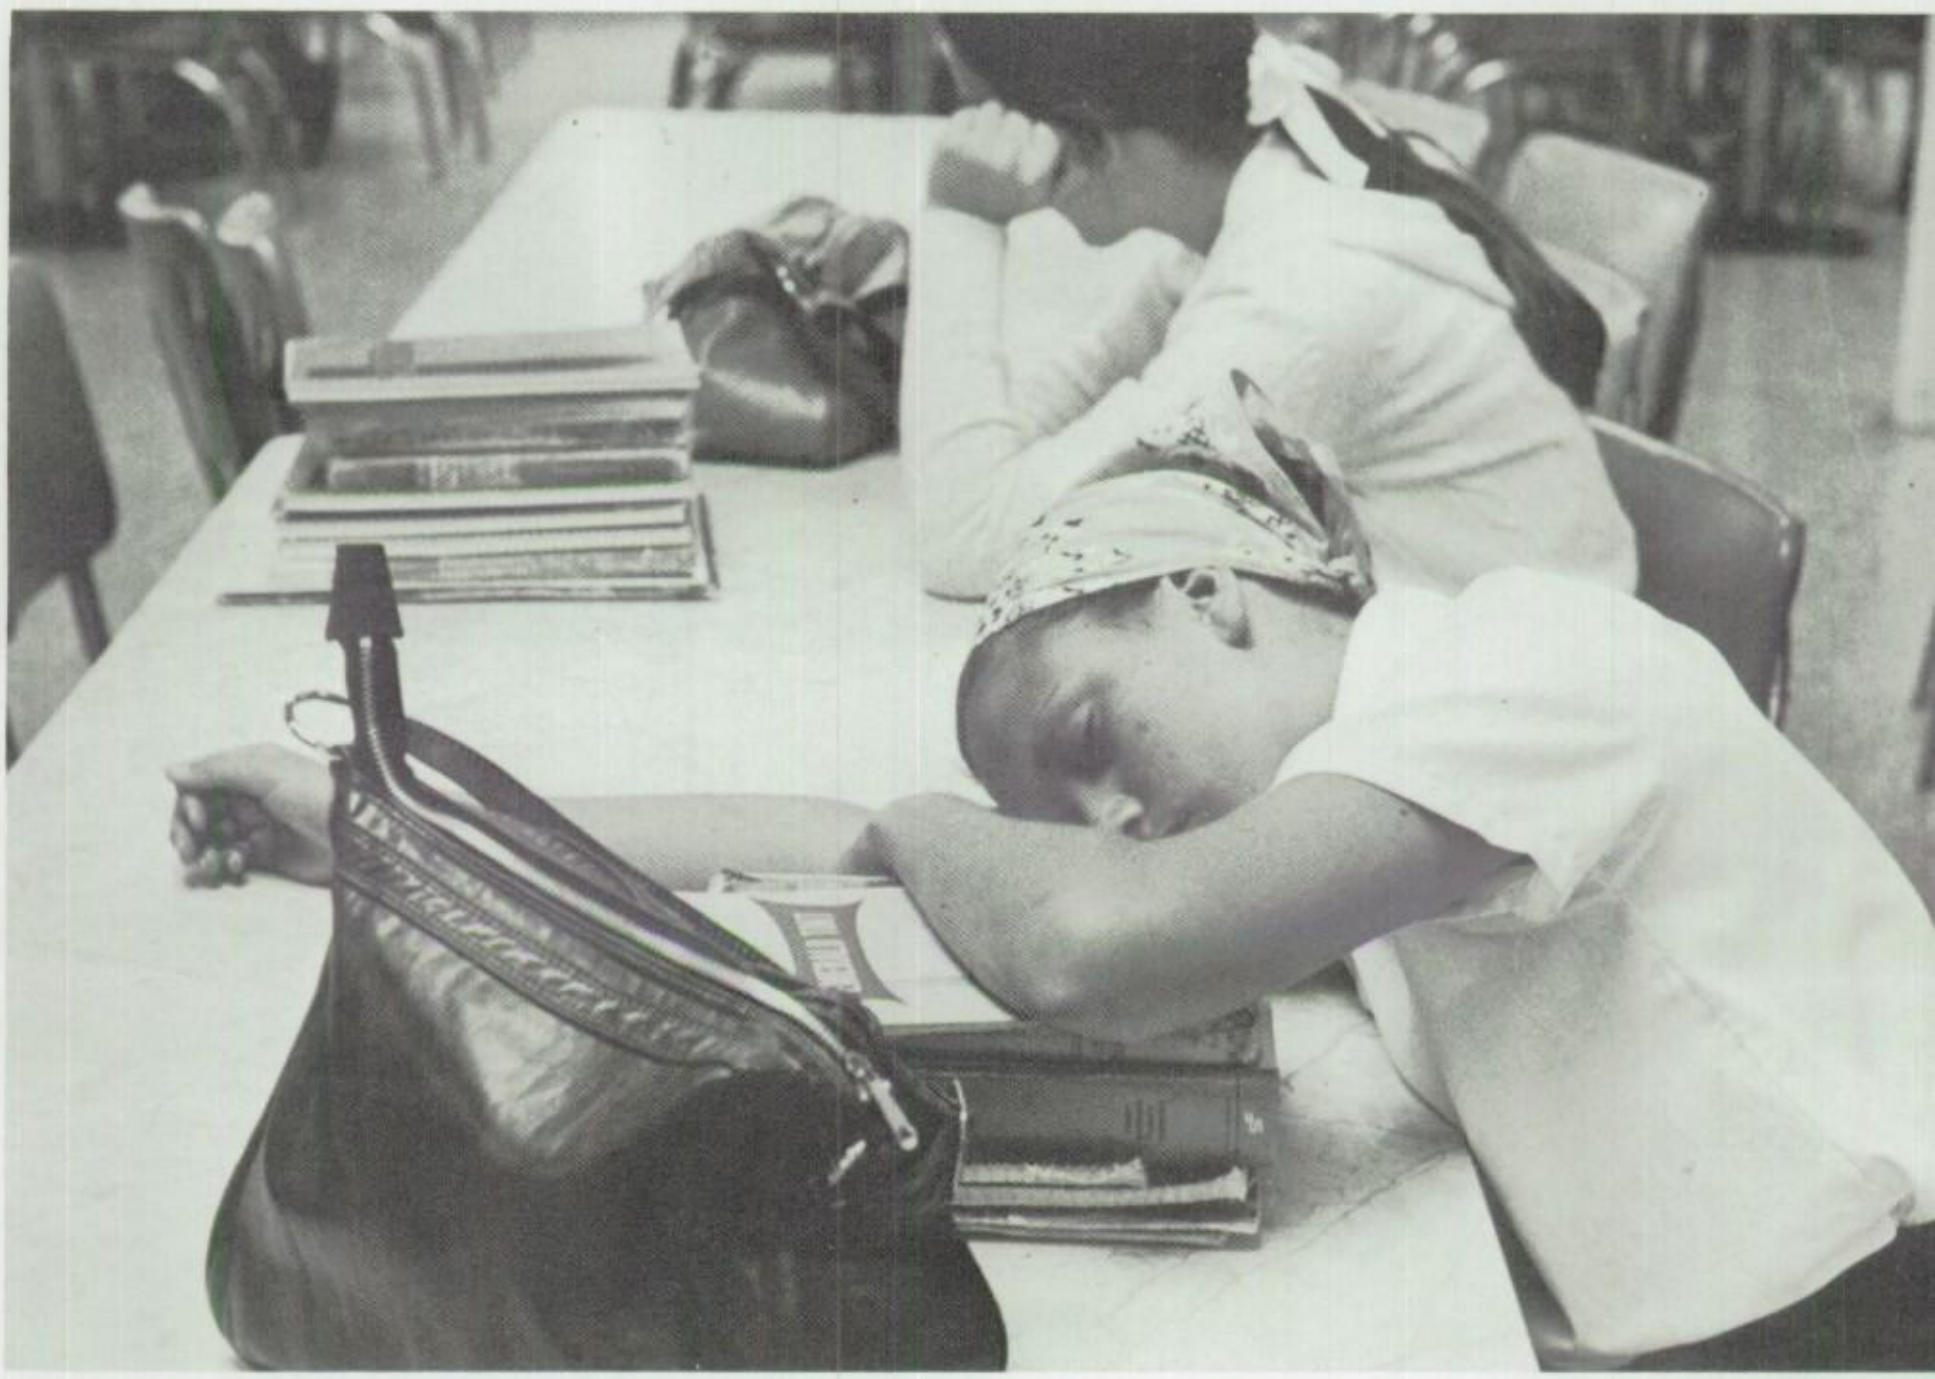
It is the SPIRIT of OPTIMISM of
knowing that we can always make
things better — of working only
for the best and expecting only the best.

It is the SPIRIT of CONFIDENCE
of not being constrained by earthly boundaries
and of the certain knowledge
that man can master his fate.

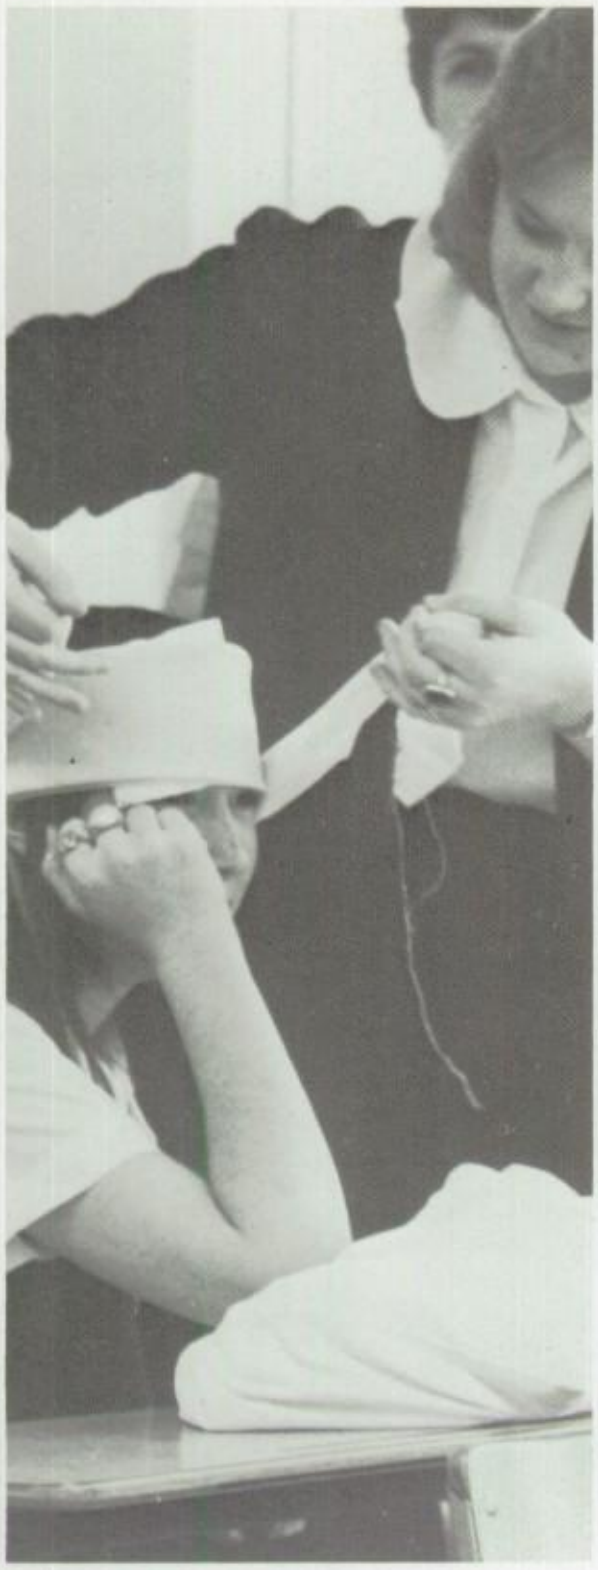
IN GOD WE TRUST

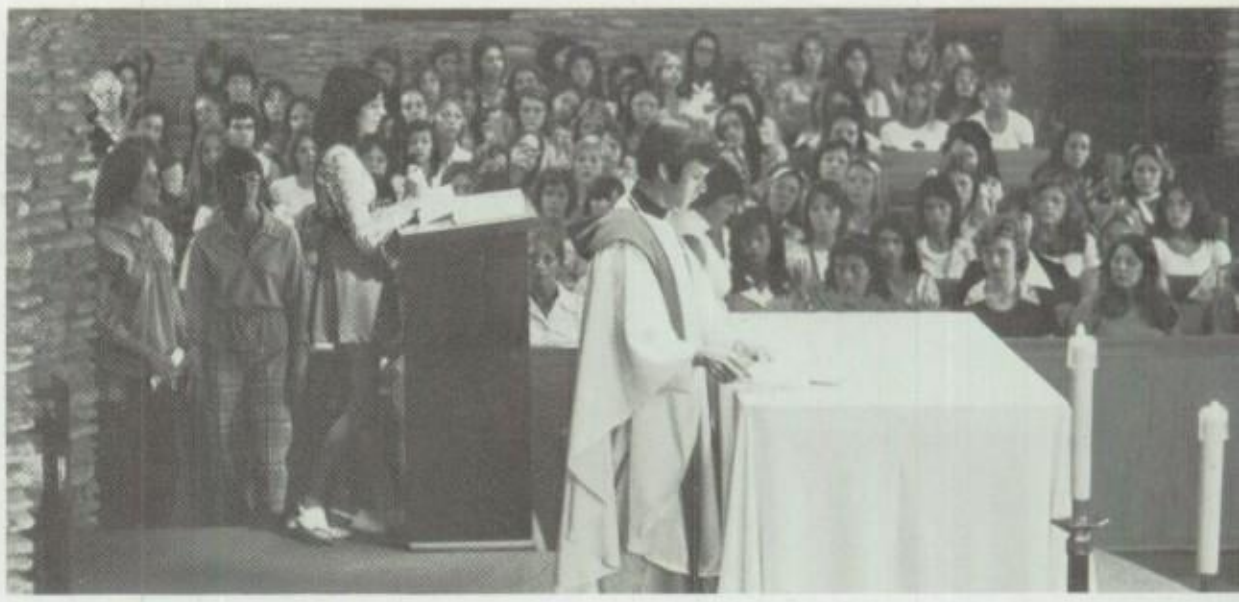






It is the SPIRIT of DIVERSITY
— of allowing every man
his own view and his distinct ways
and of tolerating the differences
of the Society.





76

Indeed the "SPIRIT of '76" was, and is, many things,
each of which has been a building block
of our national greatness —
our school also grew
and prospered on that spirit.
When all else fails it is
that spirit that will be there to guide
us and keep us strong.

It's a good place
for a girl to get started.

After high school graduation, the Army has over 300 different jobs you could apply for. Jobs that could start a career. Like computer programming, office management, electronics, and food preparation, to name a few.

If you qualify, we'll guarantee the job training you choose. And pay you a starting salary of $344.10 a month (before deductions).

You can also get a start on college in the Army. With the Army paying up to 75% of your tuition.

And after your enlistment's over, you're entitled to 36 months financial assistance under the GI Bill, at colleges throughout the country.

The Army is also a good place to start doing something worthwhile for yourself and your Country.

Now, advances in technology and the expanding horizon of our country and of its people, particularly our young men and women, make a stronger partnership mandatory. America's leadership will one day be in the hands of you and your classmates. The opportunities for today's graduates now, more than ever, are unlimited. The great challenge of this generation is to educate and equip ourselves for new and bolder purposes. As you leave to go forth in the modern world of today, take the light of learning with you to aid in the betterment of yourself and your fellow man so that you may live in peace and prosperity.
